Avengers: Age of Ultron

I like this movie because it has some of my favorite super heroes in it. It also focuses on what happens when conflict starts to build in team while trying to face a bigger challenge.

Ponyo

I like this movie because the art is cool and it tells a story about how someone who isn't like us can make us see the world better.

Rush Hour

I like this movie also because it mixes action with comedy with two of my favorite actors Jackie Chan and Chris Rock.
